Dear Mr. Lopez

Re: Proposed Pumice Mine, State Leases ML-35683 and ML-35684,
DOE/001/009, Beaver County, Utah

Thank you for notifying the Division of OMCO's proposed pumice mining operation in Beaver County.

Based on Your description of proposed activities on the above mentioned property, the Division calculates the expected disturbed area on the site to be 4.36 acres. As I indicated during our telephone conversation of April 17, 1986, such an operation would exceed the maximum size limits covered under your current Declaration of Exemption (DOE) and will require filing of a Notice of Intent to Commence Mining/Mining and Reclamation Plan (form MR-1).

I have enclosed the following information for your convenience:

- 1) MR-1 application form.
- 2) Mined land Reclamation checklist (minimal requirements which an applicant should address in preparing an MR-1 form).
- 3) General rules and regulations for mined land reclamation.

Mr. Fred T. Lopez
DOE/001/009
April 22, 1986

Thank you for your cooperation in this permitting matter.
Should you have any questions or require additional information,
please contact me.

Sincerely,

A handwritten signature in dark ink, appearing to read "David M. Wham". The signature is fluid and cursive, with the first name "David" being more prominent.

David M. Wham
Reclamation Hydrologist
